Product name

Description

Main features

Show quick buy Yes

Tags These tags you select will help buyers to find this product
Add a new tag or select an existing tag from the list.
Add or search a tag

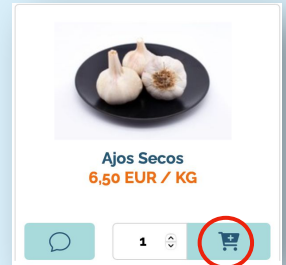

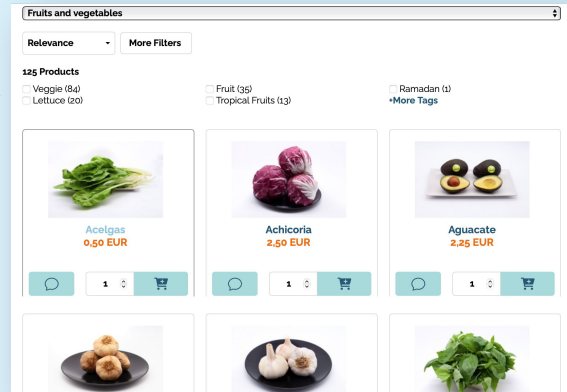

1. Start by naming and describing your product.

2. What is "Show Quick Shopping"? It is a faster way for consumers to add products to the basket.

1. **What are Tags?** Tags are the groups you choose to create to organise your products into different families.

2. **And how useful is it?** Its use will help you to organise your shop and give priority in the customer's vision to those products that you want to make visible above others.

If you want to know more about tag configuration, download the pdf "What do tags do?"

Add the price of your products and choose the unit of sale.

Price all tax included EUR

Sales unit Pieces

Example: For the sale of 1.5 liter water bottles write "1,5" and select "Liter"

All tax included price

By clicking the button below, you can define different variations for the product

Product variations

Variant name	Price (Tax included)	Stock	Default?	
<input type="text"/>	<input type="text"/>	<input type="text" value="1000000"/>	<input checked="" type="checkbox"/>	<input type="button" value="-"/>
<input type="text"/>	<input type="text"/>	<input type="text" value="1000000"/>	<input type="checkbox"/>	<input type="button" value="-"/>

If price field is empty or zero then base price will be applicable

This section is useful when you have two products that are the same but with different characteristics and different prices or not.

(Example: red t-shirt or blue t-shirt; 1,5L water bottle at 1€ or 2L water bottle at 2€).

Finally, you can add videos from Youtube or another digital platform using the URL. And add images of your product in jpg format.

Product videos
