Application form

Each store has a request form that customers can fill out if they're looking for something specific and it's not listed on their products. Here you can configure the fields that you want your customers to complete when making a new request.

Use this option if you don't want your customers to see the request form

The screenshot shows a configuration page for a 'Request Form'. At the top, there is a 'Request Form' title and a brief description. Below this, there is a checkbox labeled 'Hide request form' which is checked. To the right of this checkbox is a 'Preview Form' button. The main part of the page is a preview of the request form itself, titled 'Looking for something special?'. It contains several input fields: 'Image 1', 'Image 2', 'Quantity', 'Units', 'Proposed price (budget)', 'Product description', and 'Comments'. Each field has 'Mandatory' and 'Hide' options. For example, 'Image 1' is mandatory and hidden, while 'Image 2' is not mandatory and is visible. At the bottom of the configuration page is a 'Save' button.

Click on form preview to see the final result of your form.

Define for each case if the field is mandatory to fill in for your customers or if you want to hide it.

Products display

Seleccione esta opción para visualizar todos los productos con una lista de etiquetas en la parte superior.

The screenshot shows a web interface for product display. At the top, there is a language selector set to 'English', a 'Preview' button, and a 'Customize' button. Below this is a heading 'Choose a display for all products screen'. The main content area is divided into two sections, each with a radio button to select an option.

Option 1 (Left): The radio button is unselected. The text below it says: 'First option is the default display for all products with list of tags on top. Tags are sorted by priority and number added in the beginning of each tag or by number of products in second option, the numbered tags are shown as a separate section. And remaining products shown in Others section.' Below this text is a preview of the product display. It shows a grid of product cards. At the top of the grid, there is a list of tags: 'Split Unit (9)', 'Heat And Cool (3)', and 'Energy Saver (3)'. Each product card has a 'Show more products' button at the bottom.

Option 2 (Right): The radio button is selected. The text below it says: 'Use this option'. Below this text is a preview of the product display. It shows a grid of product cards. At the top of the grid, there is a list of tags: 'Split Unit (9)', 'Heat And Cool (3)', and 'Energy Saver (3)'. Below the grid, there is a section titled 'Others' with a sub-heading 'All Products' and a list of tags: 'Split Unit (9)', 'Heat And Cool (3)', 'Energy Saver (3)', and 'Farm House (3)'. Below this list, there is a 'More tags' button. Below the 'Others' section, there is a grid of product cards. Each product card has a 'Show more products' button at the bottom.

Select this option to display numbered labels as separate sections.
